

COMPANY PROFILE

High Tech Safety Establishment offers fire protection and prevention services, ensuring highly reliable systems. We also offer you our extensive experience since 2015.

www.hi-tech-safety.com

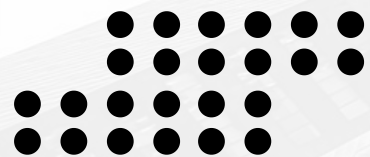

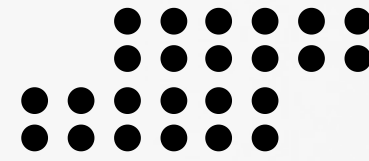

INTRODUCTION

Since its founding in 2015, Hi-Tech Safety has emerged as a leading and trusted force in the maintenance and installation of integrated safety systems. We believe that safety is not just a requirement, but a fundamental right and a true investment in protecting lives and property and ensuring business sustainability.

For nearly a decade, we have gained extensive experience in providing a diverse range of sectors (industrial, commercial, residential, and institutional) with advanced safety solutions that meet the highest local and international standards. Our strength lies in our ability to provide comprehensive, round-the-clock services.

Our goal is not simply to install equipment, but to build a safe and secure environment that gives our clients complete peace of mind to focus on their business success.

ABOUT US

Main Services

Services generally offered in this field include:

Maintenance Contracts: Periodic maintenance of fire alarm and suppression systems.

Installation and Supply: Supply and installation of all safety equipment, such as:
Fire Alarm Systems: Control panels, smoke and heat detectors.

Fire Suppression Systems: Fire pumps, fire hydrants, sprinkler systems, and clean gas systems such as FM200.

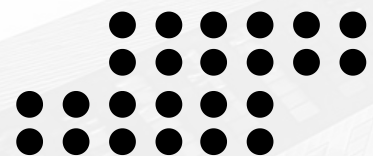

Handheld Equipment: Fire extinguishers (maintenance and refilling).

Pipes and fittings for the networks.

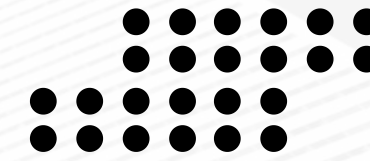

OUR HISTORY

At High Tech Safety, we have a history of achievements in projects and maintenance management, where we have been able to attract many large companies with multiple branches. We have also implemented many projects (residential, commercial, industrial) by qualified teams and sound engineering management.

VISION & MISSION

We aspire to be the premier and preferred destination for all safety and fire protection system requirements in the region.

Our vision is embodied in achieving sustainable leadership through:

The Trusted First Choice: To establish ourselves in our clients' minds as the most reliable and capable partner for providing integrated and effective safety solutions.

Creating Safe Environments: To actively contribute to raising the level of security and safety in every environment in which we operate, whether it be complex industrial facilities or simple residential buildings.

Commitment to Innovation: Adopting the highest standards of quality and technological innovation in our tools and methodologies to ensure that the safety systems we provide remain ahead of the curve in facing future challenges and risks.

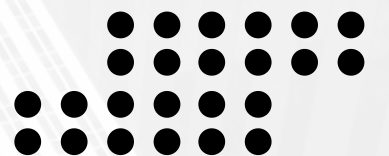

OUR SERVICES

1. Firefighting Systems Supply, and Installation and maintenance

- Automatic Water-Based Fire Suppression Systems (Sprinkler Systems).
- Clean Agent Fire Suppression Systems: FM-200 and NOVEC 1230
- Manual Fire Suppression Systems:
- Internal and External Fire Networks.

2. Fire Alarm and Detection Systems

- Conventional and Addressable Alarm Systems:
- Carbon Monoxide and Gas Detection Systems.
- Voice Evacuation Systems.

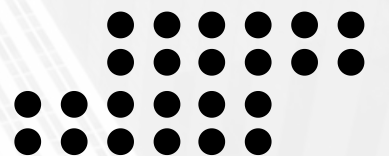

OUR SERVICES

3. Comprehensive Maintenance Services and Annual Contracts

- Preventive Periodic Maintenance.
- Corrective and Emergency Maintenance.
- Fire Extinguisher Refilling and Inspection.

4. Consulting and Certification Services

- Engineering Inspection and Audits.
- Obtaining Civil Defense Certificates (COC).
- Training.

OUR TEAM

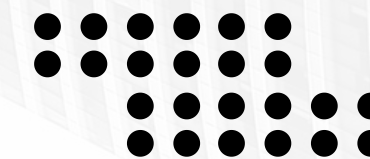

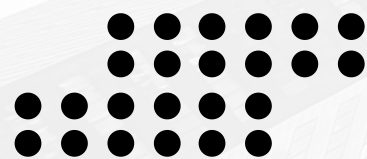

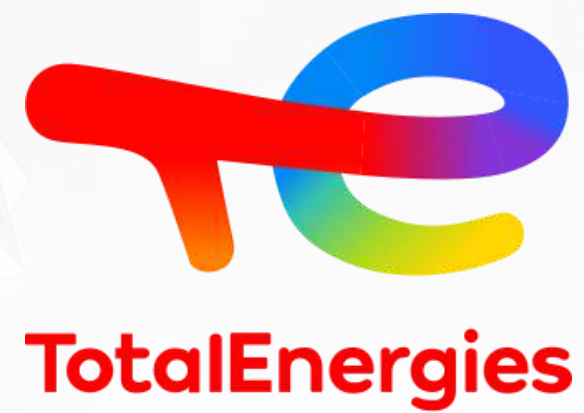

What Distinguishes Our Team:

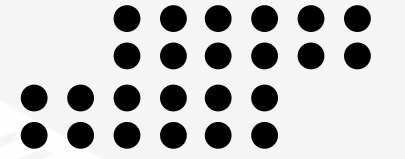

- Accumulated Competence and Experience,
- Accreditations and Certifications,
- Commitment to Quality and Safety First,
- Dedication and Rapid Response.

We are not just service providers; we are expert partners committed to protecting your investments and the safety of your personnel.
